In the Matter of

Amendment of Section 73.202(b),  
Table of Allotments,  
FM Broadcast Stations.  
(Alamo, Nevada)

RM-8376

NOTICE OF PROPOSED RULE MAKING

Adopted: October 29, 1993; Released: November 17, 1993

Comment Date: January 10, 1994

Reply Comment Date: January 25, 1994

By the Assistant Chief, Allocations Branch:

1. The Commission has before it the petition for rule making filed by Keith E. Lamonica ("petitioner") requesting the allotment of Channel 228A to Alamo, Nevada, as the community's first local aural transmission service. Petitioner states that he will apply for the channel, if allotted.<sup>1</sup>

2. Section 307(b) of the Communications Act of 1934, as amended, mandates that the Commission fairly, equitably, and efficiently distribute frequencies " . . . among the several States and communities." The Commission has defined "communities" as geographically identifiable population groupings. Generally, if a community is incorporated or is listed in the U.S. Census, that is sufficient to demonstrate its status.<sup>2</sup> Alamo is not listed in the U.S. Census. Therefore, the petitioner should present the Commission with sufficient information to demonstrate that Alamo is incorporated, or that it has social, economic, cultural, or governmental indicia to qualify it as a "community" for allotment purposes. See, e.g., *Beaver Springs, Pennsylvania*, 4 FCC Rcd 5373 (1989), *Sargent, Nebraska*, 4 FCC Rcd 3933 (1989), *Bartow, Georgia, et al.*, 4 FCC Rcd 6876 (1989), *East Hemet, California, et al.*, 4 FCC Rcd 7895 (1989), and *Ellwood, California*, 50 Fed. Reg. 13031, published April 2, 1985.

3. We believe the public interest would be served by proposing the allotment of Channel 228A to Alamo, if it is ultimately found to be a community for allotment purposes, since it could provide a first local service to the community. Channel 228A can be allotted to Alamo in

compliance with the Commission's minimum distance separation requirements without the imposition of a site restriction.<sup>3</sup>

4. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

City	Present	Channel No.	Proposed
Alamo, Nevada	—		228A

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before January 10, 1994, and reply comments on or before January 25, 1994, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

Keith E. Lamonica  
501 Aultman  
Ely, Nevada 89301  
(Petitioner)

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See *Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules*, 46 FR 11549, February 9, 1981.

8. For further information concerning this proceeding, contact Leslie K. Shapiro, Mass Media Bureau, (202) 634-6530. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no *ex parte* presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the

<sup>1</sup> Petitioner, in addition to providing locally-oriented service to Alamo, desires to construct several stations and "tie them together" as one network. To this end, he has also proposed the allotment of FM channels at Austin, Cherry Creek, Ely, Baker, Lund, Pioche and Eureka, Nevada.

<sup>2</sup> We note that Austin is listed in the 1993 Rand McNally Commercial Atlas and attributed with a population of 400 per-

sons. However, mere geographical location is not sufficient to establish "community" status. See, *Vimville, Mississippi*, 48 FR 5974 (1983), *Hannibal, Ohio*, 6 FCC Rcd 2144 (1991), and *Columbia, California*, 56 FR 26357 (1991), 6 FCC Rcd 3292 (1991).

<sup>3</sup> The coordinates for Channel 228A at Alamo are North Latitude 37-21-54 and West Longitude 115-09-49.

other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an *ex parte* presentation and shall not be considered in the proceeding.
